BULLETIN #25

KTTV/KCOP
Los Angeles, California
Thursday, July 19, 2012
5:00 P.M. (PDT)

At the Company's request, the Engineering Committee met for one additional day of negotiations this week.

Progress continues to be made as the parties discuss, modify and in some cases tentatively agree to the decreasing number of outstanding proposals. Company negotiator Kevin Casey plans to discuss several of the remaining issues at the corporate level upon his return to New York. Both the Company and the Union look forward to wrapping up these negotiations.

The Negotiating Committee wants to remind you the bulletins are the official source of information during these negotiations. Information from any other sources should be considered rumor or hearsay.
