Dear Sisters and Brothers,

The meetings began with the Union and Company exchanging proposals.

Management expressed its need for efficiency, savings and flexibility through automation.

The Union presented various proposals to the company. On the second day, all Union proposals were rejected.

The Union requested information from Management pertaining to the ratio of Network to Cable operators. Management agreed to provide the information at the next round of negotiations, planned for September 21, 2015.

Tentative agreements for a few proposals were reached. Major points of discussion about jurisdiction, meal period and automation were brought up by Management. No agreement reached yet.

The Negotiating Committee wants to remind you the bulletins are the official source of information during these negotiations. Information from any other sources should be considered rumor or hearsay.
