NABET-CWA Bargaining Summary 5-22-15

Your Bargaining Committee met with the Company for two days of bargaining in the latest round of contract negotiations.

The parties exchanged several proposals, and tentatively agreed to the work week.

This agreement establishes what the work week is for Technicians. It establishes many other provisions, like overtime and meals periods. It includes a 9 hour rest period between shifts. The company agreed it will aim to schedule two consecutive days off per week per Technician.

The Company continues to demand to retain total control over every aspect of your job. Your participation is ABSOLUTELY ESSENTIAL to getting a contract worth ratifying. Speak with your Steward or a Bargaining Committee representative to learn our strategies for applying pressure to the company where it's most noticed.

The parties are scheduled to meet again for two days in June. Your attendance at these sessions is encouraged from your Negotiation and Mobilization Committees. Attendance at these sessions gives you a chance to participate in and observe the bargaining process firsthand.
