NABET-CWA Bargaining Summary 11-25-14

Your Bargaining Committee met with Company Representatives for two days of bargaining on November 24th and 25th. The parties exchanged proposals and had discussions about Union Leave, Discipline and Discharge, the Work Week and Union Activity.

The Parties reached a tentative agreement on posting of the work schedule in the workplace.

The Company made it clear that is not interested in guaranteeing certain conditions of importance to Hub Employees like consecutive days off, just cause for Discipline and Discharge or Technicians being relieved of duty during lunch breaks.

Your Bargaining and Negotiating Committees continue to believe that direct mobilization are still necessary for the successful negotiation of this initial agreement. All options remain on the table, including job action. Contact your Steward for more information.

The parties are planning to meet again in January. Your attendance at these sessions is encouraged from your Negotiation and Mobilization Committees. Attendance at these sessions gives you a chance to participate in and observe the bargaining process firsthand.

Be sure to Like and follow your Union at facebook.com/NABET53 for the latest updates and news from your Local.

Your Negotiating Committee wants to remind you these bulletins are the official source of information during these negotiations. Information from any other sources should be considered rumor or hearsay.
